NEW Cooks Networks!

We are excited to introduce a new network format for cooks in child care. These networks will follow an agenda with which cooks can add their suggestions to. For example, meetings may include: a review of the Child Care and Early Years Act, information about common allergens, Safe Food Handling review, menu and recipe sharing, kitchen tours, and/or special guests.

Networks will take place on a quarterly basis to allow for consistency and predictability. See details of our upcoming network below:

April 17th, 2019
1:30 - 3:00PM
TBDHU Auditorium

Discussion topics: New Canada's Food Guide, Common Allergen Refresher, Quality in the Kitchen, Food Recalls, Menu & Recipe Sharing.

To RSVP to a Cooks Network or submit an agenda item, please contact:
